Terms for Allotment & Gardening Societies

We welcome orders from Allotment and Gardening Societies and we are pleased to offer the following discounts. These discounts can be applied to individual orders or combined orders received from a group of individuals.

Many of the seeds we offer are unique to Thomas Etty Esq. However, rest assured that all the seeds we supply conform to EEC Rules and Standards. Mr Etty is a FERA registered seed packer, Ref. No. 2807, so you may buy with full confidence.

Orders:

£20.00 - £49.99:	10% discount and free postage
£50.00 - £74.99:	20% discount and free postage
£75.00 and above	33% discount and free postage

To qualify for the discount please give full details of your Allotment or Gardening Society including, where possible, email and telephone contact points in case it is necessary for us to verify any details. Orders must be sent with full payment - Cheques payable to 'Thomas Etty Esq.'

We deal with over 30 seed suppliers across the EEC and to ensure freshness of supply we only order seeds in small quantities. This also ensures optimum germination success. This does mean that we are probably the slowest seed company in the UK as it can take 3 or 4 weeks for certain supplies to reach us. Please bear this mind when ordering.

Please contact our Chief Clerk, Mr R Warner should you require any further details or clarification on any point. Contact details as above. For full terms and conditions see catalogue.
